

Professional statement outline

I am an ambitious SOC Analyst with practical, hands-on experience and the ability to perform effectively under prolonged pressure and long working hours — a result of continuous work and training since the beginning of my university studies. I believe in continuous learning and applying valuable, practical solutions to protect the community and stay ahead of future developments. I have hands-on experience in phishing detection & analysis, incident response, threat hunting, and post-incident analysis to strengthen organizational security. I aim to elevate your organization's security posture by executing assigned tasks accurately and efficiently.
